

Mya Zylberberg, M.S

New Windsor, NY, 12553 | 845-797-4402 | myazylberberg@gmail.com | [LinkedIn](#) | [Github](#)

PROFESSIONAL SUMMARY

Highly motivated Cybersecurity & GRC professional holding an M.S. in Digital Forensics and Cybersecurity (4.0 GPA) and a CompTIA Security+ certification. Combines 4+ years of cross-functional experience across the technology, finance, and nonprofit sectors, spanning IT support, data analytics, and compliance-adjacent program coordination. Proven track record in designing security awareness initiatives, auditing infrastructure rollout dependencies, and managing client-facing technical documentation. Adept at translating complex technical controls into actionable solutions, managing Agile teamwork, and leveraging data analytics to optimize organizational risk and compliance.

TECHNICAL SKILLS & CERTIFICATIONS

Core Certifications: CompTIA Security+, CompTIA A+, Google Cybersecurity, IBM Data Science Foundations, Belkasoft: Android Forensics

Security & Platforms: Microsoft 365, ConnectWise, ThreatLocker, SentinelOne, HornetSecurity, Barracuda, NodeWare, Virtualization / VDI

Digital Forensics & Incident Response (DFIR): Autopsy, FTK Imager, EnCase, Cellebrite Reader, Belkasoft, Volatility

Operating Systems: Windows, macOS, Kali Linux, Ubuntu, DEFT, CAINE, OpenSUSE

Languages & Technical Skills: Python, PowerShell, R (RStudio), SQL, HTML/CSS/Javascript (Foundational)

IT Methodologies & Project Management: Agile/Scrum, Jira, Notion, Git, Github, , IR Documentation

PROFESSIONAL EXPERIENCE

AmeriCorps VISTA

Albany, NY

Recruitment & Technology Coordinator

Aug 2025 – Present

- Owned frontend website optimization initiatives, improving SEO and accessibility scores by **20%** by auditing site health with WAVE and Lighthouse against WCAG compliance frameworks.
- Supervise and coach 11 members, manage timelines, training, and deliverables across competing priorities
- Conduct candidate interviews and support selection for incoming VISTA cohorts, evaluating applicants and contributing to recruitment and onboarding processes

UniquelITPro

Albany, NY

Information Technology Specialist - part-time

June 2025 – Present

- Resolve and triage client security and technical escalations across endpoints, network infrastructure, and user accounts utilizing ConnectWise PSA/RMM; aligning incident resolution workflows with NIST CSF guidelines with an **84% resolution rate**
- Monitor endpoint security telemetry and handle incident ticketing via SentinelOne EDR to improve threat visibility, documenting recurring incidents to optimize incident response consistency.
- Designed, developed, and delivered client-facing security awareness guides translating technical controls and policies into clear actionable user behavior to reduce repeat tickets using Canva.

SHRED Foundation

Albany, NY

Project Coordinator & Data Analyst

Aug 2023 – Aug 2025

- Owned performance analytics for a 150-user education program, writing R scripts to clean, parse, and validate platform data exports to maintain data integrity and accurate reporting across incomplete platform records.
- Engineered dynamic R-based KPI dashboards to track acquisition channels, retention, and user lifecycles progression, informing a recruitment strategy that increased enrollment **31% YoY**.
- Optimized recruitment strategy by identifying high-retention school partnerships and reallocated outreach resources to improve program growth.

Neuberger Berman

New York, NY

Product Management - Infrastructure Technology Intern

June 2022 – Aug 2022

- Coordinated 2-week Agile Scrum sprints for a firmwide VDI rollout by updating Jira, tracking dependencies, and running cross-team check-ins to surface roadblocks

IBM

Poughkeepsie, NY

Finance & Operations Intern

June 2021 – Aug 2021

- Analyzed workforce data within budget constraints to support post-COVID-19 planning and compliance, proposing data-driven initiatives (childcare, mental health programs) to improve operational efficiency and workplace experience.

LEADERSHIP & SERVICE

Alumni Association of Scholarship Winners in the Electrical Industry

New York, NY

Technology Chairperson

Aug 2022 - Present

- Design and deliver comprehensive security awareness training and technology guides focused on cybersecurity best practices, data privacy, and secure digital tools to enhance community risk posture and digital literacy.
- Maintain and audit historical recipient data using Excel to ensure the integrity of alumni records **for \$1 million in annual JIB Scholarships**, collaborating with the board to analyze surplus funds and determine allocations for future awards.
- Collaborate with executive stakeholders, including the Educational Trust Fund Board of Directors, investors, and alumni chairpersons, to strategically plan and execute the operational and technical infrastructure for the annual College Advisory Day.

NAACP – SUNY Albany Chapter

Albany, NY

Treasurer

Aug 2022 - Present

- Oversaw budget planning and financial operations, managing purchase orders, expense tracking, and allocation of funds across programs
- Analyzed historical spending to develop and justify annual budget proposals, collaborating with stakeholders to align funding with organizational priorities

EDUCATION

The State University of New York, Albany

Albany, NY

Master of Science in Digital Forensics & Cybersecurity. 4.0/4.0

May 2025

Graduate Certificate in Information Security

May 2025

Honors: National Security Agency Scholarship, 2024 Outstanding Academic Achievement Award & 4x Great Dane Graduate Award

The State University of New York, Albany

Albany, NY

Bachelor of Science in Digital Forensics

May 2023

Honors: Dean's List, NY State STEM Scholarship, CSTEP/LSAMP, Dr. Seth Spellman, Jr. Senior Scholar

The State University of New York, Orange (P-TECH)

Newburgh, NY

Associate in Applied Sciences in Cyber Security

May 2021

Honors: Phi Theta Kappa Honor Society, 6x Deans List
